- 'Club' for info about LCYC, Directions, and more
- 'Racing' for related stuff
- 'Calendar' for calendar view of Viper Regatta and other LCYC happenings
- 'Events' for chronological view of Viper Regatta and other LCYC happenings
- 'Links' for 19 Weather and other boating-related sites

VEHICLE & BOAT PARKING / LAUNCHING

The club property is on the west side of Shelburne Bay, elevated about 15 feet above the lake. The clubhouse is on the east side of the property, overlooking the Bay. There are two gravel parking lots that run east-west along the property lines, one along the north side, one along the south side. The rectangular area between them is all grass. Two north-south gravel driveways, one near the back of the clubhouse, the other on the west property line, connect the north and south lots. Our paved launch ramp runs from the south lot easterly down an extended slope to the water.

A paved driveway runs from Harbor Road past a residence, entering club property at its SW corner, near the south parking lot. From that corner one can enter via either the south parking lot or the west driveway. You should do the latter, turning onto the grass as described below.

Your car and trailer will be parked on the east side of the lawn behind the clubhouse, perpendicular to and facing the driveway along the back of the clubhouse. You will get there by turning right onto the grass from the west side driveway.

Please park close enough to your neighboring rig to conserve space for later arrivals. If you will be leaving the property after arriving, say to sightsee or go to your housing for the night, you may leave your boat/trailer at your space.

You will step your mast and rig there. When ready to launch, pull out and turn right into the driveway headed south. At the end of the driveway you will turn right into the south lot, which will line up your trailer with the launch ramp. If another rig is launching, wait on the driveway for it to clear. After launching, you will return to your space by driving west along the south lot, turn right onto the west driveway, then right again across the grass back to your parking place. You will retrieve your boat the same way, un-stepping your mast back at your parking place.

To facilitate rapid launch on Sat morning, we will have a power dinghy to take your boat to its dock space upon floating off the trailer so your vehicle/trailer can clear the ramp for the next launch.

Please call Dale Hyerstay (data below) with your estimated arrival time. Regardless of the hour, we will do our best to have someone on site to greet and guide you when you get to the club.

SHELBURNE VILLAGE & BURLINGTON

Shelburne Village is centered on the intersection of Shelburne Rd and Harbor Rd and is the closest commercial area to LCYC. Within the Village is a small shopping center called Shelburne Shopping Park. All of the named establishments or sites are close to the Village or no more than a few miles from it.

Burlington is the largest city in Vermont at about 40,000. One-fourth of the state's population lives within a 30-mile radius around it. It is situated on the shore of Lake Champlain and looks across at the Adirondack Mountains of upstate New York. It is a gastronomic and cultural mecca worth checking out.

HOUSING

- Limited housing with LCYC members may be available first-come first-served. Call or email Dale Hyerstay to get on the list.

- Nearby motels:

- Days Inn, 3229 Shelburne Rd, Shelburne (near Bay Rd) 802-985-3334
